

## INFORMATION FOR PARENTS/GUARDIANS COMING TO TAWD VALE

### Arrival

Due to the numbers attending, it is possible that movement onto and off the site may be slow. In particular, it is likely that there will be delays moving people onto and off the site and parking and we request that, whilst these may be frustrating, the traffic marshals and staff are treated with respect for the difficult job they are undertaking.

There will be **no** parking available for parents dropping children off. You will be encouraged to drop the children and go in order to keep traffic flowing. Leaders have been asked to ensure that there is a leader on site before children arrive and should have an agreed meeting point close to the first car park as Wingding Reception and other staff cannot take responsibility for supervising unaccompanied children. Parents will not be allowed past the Reception area.

### Visitors

If, for any reason, you need to drop off or and pick your child up at other times during the Wingding event, you **must** report to Wingding Reception (situated opposite the first car park and clearly signposted) to sign in and out and to collect a Visitor's pass. As this is a Scouting event, we need to have strict controls on adults accessing the site so casual visitors are not permitted.

### Departure

Please bear in mind that it will take a long time to get everyone off site and, as with arrivals, please be patient and respect the traffic marshals. Parents will be able to park but must stay with their vehicles and not go onto site.

### Emergency Contact

Your leaders should have informed you of the group's Home Contact for the event in case you need to make emergency contact. Only if you are unable to contact your Home Contact, should you also try:
